CLOSING MEETING LAST NIGHT

The Tabernacle Filled to Overflowing and the Greatest Enthusiasm Prevailed—Departed for California, Mo.

NOTES.

The offering for Dr. Torrey amounted to \$1,150.61.

The party left this morning for California, Mo., at which place they will conduct services for one day in the opera house.

That was a fine plea that Dr. Torrey made for the Y. M. C. A. A city of this size should have a permanent home for this cause.

The amount of good accomplished by the tabernacle meetings is beyond comprehension. Every pastor is well satisfied.

The roofing on the tabernacle is for sale, and several have spoken for it. There will be enough for all.

Dr. Torrey weighed himself just before departing this morning and tipped the scales at 222 pounds.

truly wise man in this building who has not already accepted Christ as his Savior, surrendered to Him as his Lord and Master, and openly confessed Him as such before the world, will do it now. I have no doubt that in this great audience there are literally hundreds, if not thousands, of men and women who intend to be Christians some time, but who keep saying, "Not yet; not today," and I am going to tell you not merely why you ought to be Christians, but why you ought to become Christians tonight.

First, the sooner you come to Christ the sooner you will find the wonderful joy which is to be found in Him. It admits of no controversy that there is in Jesus Christ an immeasurably better joy than there is in the world, a purer joy, a higher joy, a holier joy, a more satisfying joy, a more abiding

NEW BIBLE CLASS

THE REV. HAROLD COOPER WILL ORGANIZE IT ON FRIDAY AFTERNOON.

SYSTEMATIC STUDY OF THE BOOK

Possibly Will Meet at the Library Building—All People in the City Are Cordially Invited to Attend Meetings.

Rev. Harold Cooper, pastor of the First Congregational church, announces that he is planning to organize a class in the city of Sedalia for the systematic study of the Bible. When a student under Dr. Torrey in the Bible Institute in Chicago, he took special training for this work, and has had quite a deal of experience as teacher of the English Bible in high schools.

This class will meet at some place in the city centrally located other than the church. There is some talk that it may meet at the public library, subject to the decision of the board tomorrow night.

The class will meet on Thursday or Friday afternoon, according to the wishes of the members, and will last for at least six weeks.

The course will be in line with the chapter summary course of the Bible Institute, and questions are invited along the line of study.

When Mr. Cooper was only twenty years of age he informs us that he often preached in Dr. Torrey's pulpit in Chicago, and is one of the youngest men who ever occupied that pulpit.

Those who plan to attend this class will do well to inform him by telephone, though the public is cordially invited. The first class will meet on next Friday afternoon at 3 o'clock.

MOTHER WAS WITH HIM

Because of This Fact James Parker Got Off Lightly.

James Parker, aged about 24, was a prisoner before Justice R. G. Leaming today, charged with creating a disturbance in the tonsorial shop adjoining the old Delmar hotel, on East Main street, last Saturday night.

Parker was accompanied by his mother, who made a plea in behalf of her son. The judge showed leniency towards the prisoner and fined him \$1 and costs.

Parker was under the influence of liquor at the time, and made a threat to kill somebody. He ran from the barber shop to the hotel, begging for a gun. The authorities arrived on the scene and arrested him.

Today—Tomorrow.
"The Holy Ghost saith, today."—Heb. 3:7. "Boast not thyself of tomorrow."—Prov. 27:1.

Today is the wise man's day; tomorrow is the fool's day. The wise man is the man who, when he sees what ought to be done, does it today. The foolish man is the man who, when he sees what ought to be done, says, "I will do it tomorrow." The men who always do today the things they see ought to be done today are the men who make a success for time and for eternity. The men and women who put off until tomorrow what ought to be done today are the men and women who make a shipwreck of time and eternity. "The Holy Ghost saith Today." Man, in the folly of his heart says "Tomorrow." I am going to give you five reasons why every

man and woman who put off until tomorrow what ought to be done today are the men and women who make a shipwreck of time and eternity. "The Holy Ghost saith Today." Man, in the folly of his heart says "Tomorrow." I am going to give you five reasons why every

WORSE THAN UNCLE JOE.

Speaker Cannon, like the rumor of
Mark Twain's death, is greatly exag-
gerated. From many quarters, says
the Saturday Evening Post, we learn
that he is about the liveliest political
issue of the hour; to down him
seems, at the moment, the cherished
ambition of the insurgent west. Now,
how bad is he?The house put iron ore, hides and
coal on the free list, cut the lumber
duty in half, arranged a print paper
schedule that would have met the demands
of consumers of that article.
The senate restored nearly the whole
duty on hides and coal, put 25 cents
a ton on iron ore, raised the house
lumber rate 50 per cent, scouted the
demands of the newspapers of the
country for relief in respect of print
paper. It was the senate that raised
duties on cotton cloth and supplied
most of the "jokers."The house, in short, in spite of
Cannon and other grave faults, is
still a body that is measurably
amenable to the public will; the people
still have a considerable degree
of control over it. The senate is
entirely unresponsive to the public
will. Its cool flouting of the newspapers
shows especially its impervious-
ness to public opinion.That is the real issue—a co-ordi-
nate branch of the legislature over
which the public can exercise so effect-
ual control whatever. With the
Senate constituted as it is, a Daniel in
the speaker's chair could very little,
if at all, advance the democratic ideal
of a government by the people.We agree cheerfully that Uncle
Joe is bad medicine, but the poison
is in the other bottle.

TARIFF IN JAPAN.

Under Japan's 1911 tariff revision
the list of dutiable articles will number over 800. Raw material will be
taxed lightly and luxuries heavily.
The tariff will be neither free trade
nor high protection.Japan's foreign trade for the first
half of 1909 amounted to \$2000,750,000.a decrease of \$13,000,000 from that
of the first half of 1908. Exports were
\$92,500,000 (increase \$7,000,000), and
imports \$107,250,000 (decrease \$20-
000,000). The balance of trade in favor
of Japan gained \$27,000,000.

HUNTING BY TELEPHONE.

Many are the uses of the tele-
phone in the rural districts. A black
bear lately made himself a nuisance
to the farmers of Asylum township,
near Wilkesbarre, Pa., and when a
farmer spied him speeding away in
the early morning recently, word was
sent along the telephone miles ahead.
When the bear reached the hills
there were scores of men, boys and
dogs waiting for him.Bruin turned on his tracks and
made for a river, but the telephone
had been too much for him. He
weighed 300 pounds.If France were a dying nation,
would she have so soon seven firms
manufacturing and selling as many
different types of aeroplanes? For a
decaying people, the French are as-
tonishingly up to date.It knocks about 90 per cent of the
conceit out of a girl when she shows
a young man a photograph of her-
self and he fails to ask for it.The hen is a meek and lowly bird,
but she has done more for this coun-
try than the eagle ever will do.It doesn't require the least exertion
on the part of his Satanic majesty to
catch a lazy man.When people say a story is plausible,
it's equivalent to saying that they
don't believe it.Most people expect a dollar's worth
of thanks when they hand a 50-cent
present.The best isn't too good for the man
who can pay for it with honestly ac-
quired coin.If you are happy today it's be-
cause you don't know what's going
to happen tomorrow.Insomnia is something that seldom
troubles a person in the morning
hours.Jumping at conclusions has resulted
in the downfall of many a good

joy, a more wonderful joy in every
way. Everyone here tonight who
keeps his eyes open knows that it is
true. Well, friends, the sooner you
come to Christ, the sooner you will
have that joy.Second, the sooner you come to
Christ the sooner you will escape the
wretchedness and misery that there
is away from Christ. There is a mis-
ery away from Christ. First of all,
there is the misery of an accusing
conscience. No one in this building
out of Christ has peace of conscience.
Then there is the slavery of sin away
from Christ. "Whoso committeth sin
is the bond-servant of sin." Away
from Christ is apprehension of what
may happen, apprehension of disaster,
apprehension of what man may do,
apprehension of what may lie be-
yond the grave. When you really
come to Christ, you get rid of the fear
of man; you have no fear of misfor-
tune, for you are able to say, "All
things work together for good to them
that love God." You have no fear
of death, for what men call death
is simply to depart and be with Christ.
Why not get rid of it all tonight?Third, the sooner you come to
Christ the more you can do for Christ.
The moment a person is saved he
wants to do something for the Master.
If you are saved a year from
tonight you will go to work for Christ,
but there will be one year gone that
will never come back, between to-
night and a year from tonight (if you
come a year from tonight). The
sooner you come to Christ the more
you can bring with you.Fourth, the sooner you come to
Christ the richer will be your etern-
ity. We are saved by grace, we are
rewarded according to our works.
Every day of a man's life after he is
saved he is laying up treasures in
heaven, and every day you live for

Cure is the only positive cure known to the
medical fraternity. Catarrh being a constitutional
disease, requires a constitutional treatment.
Hall's Catarrh Cure is taken internally, acting
directly on the blood and mucous surfaces of
the system, thereby destroying the foundation
of the disease, and giving the patient strength
by building up the constitution and assisting
nature in doing its work. The proprietors have

THE GROCERChrist you will be that much richer
for all eternity. Now some people
have an idea that a man can be saved
on his deathbed and have just as
abundant an entrance into the king-
dom of God as he could have had if
he had been saved forty years. Oh,
what nonsense! You have neither
common sense nor Bible for it. Oh,
men and women, the sooner you come
to Christ with so much fuller hands
you can enter the Kingdom of God.
I do thank God I was converted when
I was, but what would I give for those
six wasted years through which I de-
liberately resisted the Spirit of God!
But I can't call them back.Fifth, the sooner you come to
Christ the surer you are to come to
Christ. If you are not saved tonight,
you may be tomorrow night, but you
may not be. I believe there are scores
of people here tonight who will be
saved tonight or never. When a per-
son stands on a platform like this,
and looks over a vast audience, and
feels in his very soul that the et-
ernal salvation of hundreds of souls is
trembling in the balance as the re-
sult of that sermon, it is an awful
feeling; but that feeling I have now.
I believe there are scores of people
that hear every word I am just now
saying who will either be saved to-
night or never. The Spirit of God
may leave you. People think they
can turn to Christ when they will,
put, men, listen, when the Spirit of
God is in the room, as He is in this
building tonight, passing from seat
to seat, and heart to heart, it is an
awful moment. To say yes means
life; to say no means death. To say
yes means heaven; to say no means
hell. Oftentimes a man will be so
near the kingdom, and he will say,

you have a chance tonight. Don't throw it away. The sooner you

CLARDY IN CHARGE

HE'S NEW LEGAL ADVISER FOR MISSOURI PACIFIC-IRON MOUNTAIN SYSTEM.

WON OUT ON THE THREE CENT RATE

It Was on Mr. Clardy's Advice That the Railway Company Repudiated the Two-Cent Passenger Rate in Missouri.

St. Louis, Mo., Dec. 6.—The legal department of the Missouri Pacific Iron Mountain is now under the immediate direction of Martin L. Clardy, who for twenty years has been connected with that department under various titles, but for many years as general attorney for Missouri and Illinois.

Mr. Clardy has had numerous callers, who congratulated him upon the promotion conferred by the appointment of C. S. Clarke, vice president, in charge at St. Louis, approved by George J. Gould, president.

Through five terms in congress, to which he was elected by the old Tenth district, Southeast Missouri, previous to his entry into railroad work, Mr. Clardy had country-wide political fame.

He said the Missouri 2-cent passenger rate law was unconstitutional before he could produce the record of a year of operation under it in support of his opinion. He told all the attorneys of Missouri railroads that the rights of the holders of railroad bonds, marketed under a Missouri 3 cent law, were alone sufficient to win the protection of the courts for a term of years equal at least to the life of the bonds.

It was on Mr. Clardy's advice that the Missouri Pacific held out that 3 cents is the legal rate in Missouri if the 2-cent rate is illegal, and with two other lines the position was maintained and is effective today, all railroad bonds of Missouri issue being saved a loss of 33 1/3 per cent of their intrinsic value.

Mr. Clardy was in congress when the interstate commerce law was enacted, and having handled the traffic of the system under the federal administration of the law for many years, is recognized as a foremost authority involving the law's application.

Mr. Clardy has been a resident of St. Louis for fifteen years, and his home is at 4300 Lindell boulevard.

No one has yet been appointed to succeed Mr. Clardy as general attorney for the Missouri Pacific in Missouri and Illinois.

NEW PLAY BY BELASCO

"The Lily" to Be Presented in Washington Tonight.

New York, Dec. 6.—David Belasco's first play from his own pen since "The Girl of the Golden West" will be tried on the dog, so to speak, at Washington tonight. If agreeable to the audience, it will be brought to New York for its metropolitan premiere on December 23.

The name of the play is "The Lily," and it is an adaptation from the French of Pierre Wolff and Gaston Leroux's drama, "Le Lys," produced two years ago in Paris.

The play will have a week in Washington and a week in Pittsburgh before coming here. Nance O'Neill, Ethel Terry, Charles Cartwright and Aubrey Bonciouault are included in the cast.

INDIGESTION WILL VANISH

DYSPEPSIA, HEARTBURN, GAS AND MISERY FROM STOMACH GOES.

A CURE WAITING FOR ANY SUFFERER

Out-of-Order Stomachs Feel Fine Five
Diapepsin Which Cures a
Million Bad Stomachs
Each Year.

Take your sour, out-of-order stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness or many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

BRYAN WAS ANGRY

WHEN A REPORTER ASKED HIM IF HE'D ACCEPT ANOTHER NOMINATION.

SAID QUESTION WAS IMPERTINENT

Answered That He Owned a Newspaper, but Nothing but the Truth Finds Its Way Into Columns of Commoner.

San Antonio, Texas, Dec. 6.—Because an inquisitive reporter asked him whether he would accept another presidential nomination, William J. Bryan indulged in a violent fit of anger, and cleared his mind of what he thought of newspapers impudent enough to put this question. With his face crimson from choler, emotion and eyes a-flare he shouted.

"That is an impudent question, the very worst kind of impudent question, and could only come from a representative of a newspaper hostile to me."

After this he gave his views on the running of a truthful newspaper.

"I have a newspaper," he said, and nothing but the truth finds its way into its columns. I pass on every line of copy before it goes to the printer, and see that nothing but facts are published. There are many newspapers in the United States that do not follow this rule."

Mr. Bryan passed through this city on his way to Mission, where his Texas farm is located. He denied that he intended to sell his farm or that he would dispose of his farm at Lincoln, Neb. He also complained of the

PRIZE FIGHT PICTURES

They Will Be Seen at Wood's Opera House Tonight.

Every one who has seen the motion pictures of the world's championship contest between Jack Johnson, the heavyweight champion, and Stanley Ketchel, the middle-weight champion, have been enthusiastic at their wonderful clearness.

The picture first show Johnson in his training quarters on the Ocean Beach near the famous Cliff house in San Francisco. He goes through all the up-to-date training stunts which are a prelude to every big match. The spectator is then whirled in a flash to the training camp of Ketchel where the middle-weight is making his preparation for the big fight. The pictures keep on turning and one is next greeted with a sight of acres and acres of automobiles that have transported the elite of San Francisco and surrounding towns to the fight arena. Suddenly we see the inside of the immense stadium and as the camera re-opens the scene.

No more sensational finish has ever marked the close of a prize fight. The pictures will be shown at Wood's

volves we are treated to a whole city full of people.

The twelve rounds of the fight are vividly portrayed showing the knockdowns of Ketchel in the second round and again in the sixth. The pictures continue to revolve round after round and every one is on the tip toe of excitement for the final round.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready made product, Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by W. E. Bard Drug Co.

PAID CHURCH DEBT

NEBRASKA BELLES HUSK CORN TO HELP A METHODIST CONGREGATION.

HANDLE TOTAL OF 1,800 BUSHELS

Work Hard in Field for Three Days, but Consider It a Lark—Not a One of the Girls "Soldiered."

Ravenna, Neb., Dec. 6.—The young women of this town have shown that they have ability as farmers by going into the corn fields and earning almost enough money to pay the debt on the Methodist church here.

J. B. Jackson, living near town, is a member of the Methodist church. Two Sundays ago, at the conclusion of the morning service, he told the trustees that he had a large acreage of corn that was unhusked. He suggested that if any of the members of the church wanted to husk corn he would pay them 4 cents a bushel and give every tenth bushel to the church.

The preposition did not strike the young men of the church favorably. Twenty young women, daughters of well-to-do people, held a meeting and decided husking corn would be a lark.

They gained their parents' consent and informed Mr. Jackson that they would be ready to begin work bright and early next morning. He came to town and when he returned to his farm twenty young women were occupying his big farm wagon.

They were late in getting started, but the first day they averaged twenty bushels of corn. The second day they pushed their average up to thirty and the third day they raised it to almost forty. Fifty bushels is a good average for a man. When the young women came home at the end of the third day they had husked 1,800 bushels of corn, the church being owner of 180 bushels of the amount. At 60 cents per bushel this meant \$108. Jackson did better than he agreed. At 4 cents per bushel the wages of the girls would have amounted to \$3.60, but he gave each one a \$5 bill.

At this time the twenty girls who worked in the corn field are the envy of the town. Mr. Jackson says they were the best lot of hands he ever employed, and that not one of them attempted to shirk or "soldier" on the job.

Mr. and Mrs. George Carter spent the Sabbath with E. T. Leftwich and family, and returned home to Windsor last night.

Mrs. Mary Donnelly, of St. Louis,

arrived yesterday for a few days' visit with her mother, Mrs. John Myer, of West Fifth street.

George Hoffman, the insurance adjuster, spent the Sabbath with his wife and babe, and left today for a business visit in North Missouri.

Mrs. B. F. Settles, who has been at Maywood hospital the past week, following an operation, is reported to be getting along as well as could be expected.

Dr. W. S. Shirk, a former practicing physician of this city, more recently of Kansas City, has gone to Seattle, Wash., with a view of locating in that city.

Mr. and Mrs. Frank Debold have removed from West Fourth street to 522 West Seventh street, at the Benjamin residence, where they have apartments and will take their meals in future.

Mrs. Daniel Bryan writes to the Democrat-Sentinel from Buechel, Ky., under date of Dec. 4, that she will be home in a few days, and to again have her paper delivered on Beacon street, the second door from Sixteenth street.

John Walmsley writes the Democrat-Sentinel from Pierton, Ontario, Canada, under date of Dec. 3, saying that winter is with them in earnest, and at the time of writing there was a scum of ice over the harbor. In Sedalia at 7 o'clock this morning the mercury registered 20 degrees above zero.

Mr. and Mrs. Harry C. Reeder and baby daughter, Elizabeth, left Troy, N. Y., last night for a few days' visit in New York City with Mrs. Reeder's uncle, Frank B. Moore, and then go to Washington, D. C., for a visit with the family of Mr. Reeder's father, H. C. Reeder, congressman from the Sixth Kansas district.

'TWAS TOO COLD FOR "FIDO"

Virgil Bryant Abandons His Trip to Butte, Montana.

Virgil Bryant, better known as "Fido" Bryant, cold and hungry, arrived home from Kansas City at 9:25 o'clock Sunday night, following his cancellation of his trip to Butte, Mont.

"Fido" left Sedalia last week for the far west. When he reached Kansas City the weather took a change, turning colder, and "Fido" realized that the farther west he went the colder it would become, so he decided to return to Sedalia, where "ham and eggs" await him daily.

NERVOUS DYSPEPSIA

If You Have It, Read This Letter—
W. E. Bard Drug Co. Guarantees Mi-o-na.

"I was taken last August with a severe stomach trouble. The doctor said it was nervous dyspepsia. He gave me medicine for that. I took his treatment four weeks, didn't feel any better at the end of four weeks than I did when I commenced taking his medicine. I took everything I heard of. The first day of December, 1908, I got a box of Mi-o-na. I took them that afternoon and the next day and haven't had one bit of pain in my stomach since the 2nd of December. I took five boxes. Feel well now, sleep good—that is something I haven't done in a number of years." —Mrs. M. E. Maxfield, R. F. D. 2, Avoca, N. Y., June 9, 1909.

Mi-o-na in the form of a tablet is the best prescription for indigestion ever written.

It relieves after dinner distress, belching of gas, foul breath, heartburn, etc., in five minutes.

It is guaranteed by W. E. Bard Drug Co. to permanently cure indigestion, acute or chronic, or any disease of the stomach or money back.

Mi-o-na is sold by leading druggists everywhere and in Sedalia by W. E. Bard Drug Co. at 50 cents a large box. Test sample free from Booth's Mi-o-na, Buffalo, N. Y.

TWO BOYS TRIED TO WRECK MISSOURI PACIFIC TRAIN ON BAGNELL BRANCH.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Steve and Jess Hader, sons of Dave and Henry Hader, respectively, of near Olean and Latham, were arrested by a Missouri Pacific detective on a charge of placing ties, rocks and other debris on the bridge or trestle near the watering tank, it is said, with the intention of wrecking the train, in order to see the engine and box cars fall in the creek, says the Russellville Rustler.

Had it not been for the fact that the train had slowed up for water a serious wreck might have happened. The boys pleaded guilty to the charge at the preliminary, which was held in Enon, and were bound over to the circuit court, under a bond of \$800 each.

They are both mere lads, one 16 and the other 17 years of age, and boy-like, were out having some fun on Thanksgiving, not realizing the fact that it might have cost many lives to wreck the train.

Both boys come from the best families in this county, and as they are young, and this is their first offense, it is hoped they will be dealt with very lightly.

The parents of both boys have the sympathy of the entire community, and their many friends hope that this offense will only serve as a lesson in the future and that the punishment will be exceedingly light.

Missouri Pacific Change.

Sup't. W. E. Brooks, of the Joplin division of the Missouri Pacific in this city, today received notice from headquarters in St. Louis that he is to be transferred to the Colorado division of the same road, with headquarters in Pueblo, Colo., as superintendent, says Saturday's Nevada Post. Sup't. Brooks came to Nevada from the Omaha division March 10, 1908, and succeeded Sup't. G. H. Stapp.

J. M. Sommers, trainmaster at Ossawatomie, Kas., and former superintendent of the Joplin division here, arrived this afternoon and will take charge of the division Sunday. Mr. Sommers is well known here and an introduction of him to the citizens and railroad men is not necessary. He served here as superintendent in 1903.

Frank Myers Is Better.

Conductor James Myers, of the M. K. & T., who was called to Claremore, Ok., by the illness of his brother, Frank Myers, writes that the latter is much better, but he will remain with him until he is able to return home.

Automatic Couplers.

E. J. Tierney, of the M. K. & T. at Parsons, Kan., was here Sunday on business.

Arthur Frakes, roadmaster for the Katy, made a business visit north on train No. 2 today.

L. S. Eddins, a railway accident insurance agent, left today for a business visit at Booneville.

H. L. White, route agent for the Pacific Express Co., made a business visit at Knob Noster today.

Harry Phelan, switchlight inspector for the M. K. & T., made a business visit at Harrisonville, Mo., to day.

Superintendent A. J. Alexander, of the Missouri Pacific, left this morning for a business trip to Kansas City.

C. M. Hunt, trainmaster for the Missouri Pacific, made a business trip to points on the east end of the road today.

M. C. Burns, foreman of the Missouri Pacific water service, went to Pleasant Hill this afternoon on business.

Superintendent N. J. Finney, of the

Katy, left this morning for a business visit at points on the south end of the road.

Harry Alcorn and Arthur Sellers, M. K. & T. brakemen-switchmen, were sent to Mokane today on a stock special.

O. G. Yancey, of the M. K. & T. civil engineering department, left this morning for a business trip to Pleasant Green.

Superintendent A. E. Boughner, of the Katy, returned to Franklin Junction today, after spending Sunday with his family here.

W. B. Shirk, commercial agent for the Missouri Pacific, left today for a business visit at Tipton, California and other points east of here.

J. L. Thompson, a railway mail clerk on the M. K. & T., is indispensed and laying off, and G. W. Baumgartner is filling the place.

W. L. Tracy, assistant superintendent of machinery for the Missouri Pacific, with headquarters at Kansas City, was a visitor here Sunday.

A bulletin was posted at the Missouri Pacific today, stating that engineers must not take water at Courtney, Mo., unless absolutely necessary.

Frank Bever, foreman of the M. K. & T. painting department at Parsons, Kan., spent the Sabbath at Parsons, returning here this morning.

A bulletin was posted at the Missouri Pacific offices today, prohibiting the exceeding of the speed limit of ten miles an hour through Lexington.

Tomorrow is homeseekers' day on the Missouri Pacific and the M. K. & T., and on Wednesday morning the Katy will operate a special train to follow No. 5.

Edgar Cole, a Missouri Pacific fireman, who has been visiting home folks at Tipton, reported for work today, and will resume his run on train No. 622 tomorrow.

There is a vacancy for one west end brakeman on Missouri Pacific trains Nos. 3, 4, 7, 8, 11, 21 and 22, with T. C. Butts, in place of C. Riley. Dec. 14 is the final date for filing applications.

Missouri Pacific engine No. 8561, pulling Lexington branch train No. 622, broke down at Houstonia this morning, delaying the train about two hours. Engine No. 8560 was sent to Houstonia to bring the train here. C. M. Jacobs, ticket agent for the M. K. & T., who has been laying off for the past few weeks on account of ill health, will not resume work until Jan. 1. Will Etzbach, night agent, will perform the duties required of the agent.

There is a vacancy on Missouri Pacific passenger trains Nos. 1 and 2, between St. Louis and Kansas City, with conductor J. C. Hooten, in place of Charles Clements, who has located in the state of California. Dec. 14 is the last day for filing applications.

GORRELL DAMAGE SUIT

Jury Was Selected in the Circuit Court Today.

The \$20,000 damage suit of James E. Shaw vs. Ben W. Gorrell, for the alleged alienated affections of Mrs. Shaw, was called for trial in the Pettis county circuit court today, as anticipated in Sunday's Democrat-Sentinel.

The following jury was selected to hear the evidence:

Finis Nicholas, Bert Means, Harry McFarland, H. F. Rodecker, H. L. Bolton, William E. Woolery, David Shy, Fred Kipping, S. D. Haight, D. M. Rhodes, C. W. Teters and Frank Monroe.

As the Democrat-Sentinel goes to press the introduction of evidence is just beginning.

WERE FRIGHTENED AWAY

Before an Entrance Was Gained to Dr. Weaver's Office.

The police learned today that an attempt was made last Friday night to break into the dental parlors of Dr. C. H. Weaver in the Tillberry building, Fifth street and Engineer avenue, one of the offices in the city into which the dentists' thieves did not gain admittance in their raid that night.

The door knob leading to Dr. Weaver's office was pried off with a jimmy, but this is as far as the would-be intruders got, they evidently having been frightened away before they accomplished their task.

'TIS \$30,000 AGAIN

THE SAME DAMAGE VERDICT IS RETURNED AGAINST THE MISSOURI PACIFIC.

AWARDED TO MISS ANNIE PARTELLO

Appeal From First Judgment Sustained By Supreme Court as Excessive, Although Plaintiff Offered to Remit.

Kansas City, Mo., Dec. 6.—For the second time Mrs. Annie V. Partello was given a verdict for \$30,000 damages against the Missouri Pacific railway company Saturday afternoon by a jury in Independence. She had sued for \$50,000 for personal injuries.

Mrs. Partello is the wife of Major J. M. T. Partello, an officer of the United States army. Her injuries were received in this city, October 9, 1904, in a collision in the West Bottoms. Major Partello was at the time commandant at Fort Riley, Ok.

He and his family were on their way to Fort Leavenworth, Kas., when the accident occurred. Mrs. Partello's nose was broken and her side was crushed in such a manner as to cause permanent internal injuries.

In April, 1905, Mrs. Partello brought suit for \$50,000 damages against the railroad. The case was tried by a jury before Judge Edward P. Gates. The result was a verdict for \$30,000.

Mrs. Partello and her attorneys agreed to remit \$10,000 of the verdict, but the railroad company appealed to

the supreme court, on the ground that the verdict was excessive. The supreme court last April sustained the appeal.

The second trial of the case began before Judge Walter A. Powell in Independence last Monday. In view of the fact that the plaintiff "knocked off" \$10,000 of the former verdict and that the supreme court still considered the award excessive, a second verdict for the same amount by another jury is considered remarkable by attorneys.

The verdict is believed to be the largest ever awarded for personal damages in Independence and it is said, if any larger, have ever been awarded in this city.

Major Partello was the only member of the family present when the verdict was read. Harris Robinson, one of the attorneys for the railroad, said an appeal would again be carried to the supreme court.

MRS. MARY GREGORICH

Of Philipsburg, Montana, Tells How She Was Cured of Dandruff.

Mrs. Mary Gregorich, of Philipsburg, Montana, under date of Nov. 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terribly, and my head in places was perfectly bald. Newborn's Herpicide had just come into use in Philipsburg, and the doctor strongly recommended it to me. After 3 or 4 applications my hair stopped falling out, and is coming in again quite thick. I used to be troubled greatly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide. Sold by leading druggists. SEDALIA LODGE NO. 125, B. P. O. ELKS, HELD ANNUAL SERVICES SUNDAY.

AT FIFTH ST. M. E. CHURCH, SOUTH

Splendid Program Was Carried Out—Music Was Under the Auspices of the Sedalia Ladies' Musical Club.

One hundred and twenty-five members of Sedalia Lodge No. 125, B. P. O. Elks, took part in the Elks' annual memorial services at the Fifth Street M. E. church, South, Sunday afternoon.

The members of the order assembled at the club rooms at 2 o'clock, and thirty minutes later marched to the church, where throngs of relatives and friends of the order's members had assembled to attend the services.

The Sedalia Military band led the procession.

The program began promptly at 3 o'clock and was pronounced one of the best ever rendered on any similar occasion by the Sedalia Elks.

The selections by the soloists were especially fine, while the eulogies were touching and caused many to reflect seriously.

Owing to the absence of C. C. Kelly, James T. Montgomery delivered the eulogy on the death of Alanson Farnham. The program follows:

GIRLS DENIED BUTTER

"Co-Eds" at University Become Indignant at Landlady.

Columbia, Mo., Dec. 6.—Nine young women of the University of Missouri, who lived at a fashionable boarding house near the campus, went on a strike and left the house the past week because the landlady refused to furnish a second serving of butter.

Butter sells for 40 cents a pound in Columbia, the highest in twenty years. The girls immediately held an indignation meeting, ordered transfer wagons to haul their baggage and left the house in a body.

"The girls didn't seem to appreciate what I was trying to do for them," said the landlady. "I will now fill my rooms with young men who will not ask for butter when it is out," she said.

This is probably the first time university women ever went on a strike at a boarding house. It is not known whether the dean of the university women will take any action in regard to the strike. All boarding houses where university women stay are inspected by the university authorities annually.

CRAZED BY DRINK

ITALIAN MINERS TERRORIZED TH EVILLAGE OF SCOTTSBORO, ILLINOIS.

THEY RULED TOWN FOR A NIGHT

House Was Riddled With Bullets, but Family Escaped Amid Fusilade—Race War Is Now Threatened.

Marion, Ill., Dec. 6.—One man is dead, others who were fired upon narrowly escaped injury, and a mother and her children were driven from their home in the village of Scottsboro, this county, Saturday night, when a band of fifty Italian coal miners, crazed by drink, rioted. The town was at the mercy of the Italians throughout the night.

The finding of the body of Luther Williams, of Marion, who was visiting in Scottsboro, in a public highway near the town Sunday morning so enraged the American inhabitants of the town that they are threatening a war upon the Italians.

State's Attorney D. T. Hartwell, Sheriff E. H. Bulliner and deputies, who reached Scottsboro early Sunday morning and began an investigation of the trouble, think a conflict can be averted, but the mobs which have formed may give the officers trouble if evidence is secured fixing the crime upon any individuals.

It is believed members of the Black hand gang were the organizers of the rioting gang. The first attack was made on the home of Luke Newton, who has been aiding the officers in a war upon an organization to which a number of crimes in this vicinity have been ascribed.

The Italians left a house in which they had been carrying on a revelry about midnight. They first went to the home of Newton. He was not at home. They fired upon the house, over 100 shots being fired upon the building. Mrs. Newton gathered her frightened children about her and made her escape from the house through a rear door amid the fusilade of bullets.

For the rest of the night the village was at the mercy of the foreigners. Patrolling the streets, they repeatedly opened fire on Americans.

Early Sunday morning, after the rioters had dispersed, the body of Luther Williams was found in the public highway a short distance from Scottsboro. Williams had been stabbed. He also had been shot a number of times. His hands were cut, showing that he had struggled desperately for his life.

Williams was seen in Marion at 11:30 o'clock when he left a barber shop, saying he was going to Scottsboro to visit his father, who is a minister.

State's Attorney Hartwell returned here last evening. He says the officers are in charge and will do everything in their power to keep down trouble, which seems to be near.

In their investigation the authorities have not as yet learned the identity of the rioters. Many are under suspicion, however, and several arrests are expected. Every house occupied by Italians in Scottsboro is being searched. Several Italians known to live in Scottsboro can not be found.

The officers believe that the outbreak was planned by the Black Hand. Newton, whose home was fired upon, the sheriff and the state's attorney have received threatening letters from the Black Hand.

ANCIENT METHOD OF HEALING

Laying on of Hands Is One of the Oldest Prescriptions Known to Men of Medicine.

For countless ages among barbaric, pagan and Christian peoples the belief was current that individuals diseased and "curtailed of their fair proportions" could be healed by "touch," by the "breath," by words and prayer, by the wearing of amulets and talismans, by "charms" of every conceivable and inconceivable kind. These superstitions, under various aliases, are remarkably in evidence even in the advanced civilization of our day. The healing of the sick by the application of hands is of vast antiquity. It is to be found in the records and the practices of the early Egyptians and Jews, the Assyrians and Indians. One of the earliest recorded examples is to be found in the Old Testament. We are told that Elisha brought to life a "dead" child by stretching himself three times upon the child and calling aloud to God.

Readers of history are acquainted with the supposed healing powers of the kindly "touch."

It was believed for a long time that living together and breathing upon a sickly person would produce salutary as well as harmful effects. Young children and virgins were supposed to have the power to "cure" by breathing upon the patient and sprinkling him with their own blood. This method of "cure" is mentioned by Galen, Pliny and Virgil. History tells us that the great Barbarossa, when dying, was advised by his Jewish doctor to have young, robust boys placed across his stomach, in lieu of fomentations. The following curious inscription, cut in marble, was discovered at Rome by the archaeologist Gomar:

To Aesculapius and Health,
L. C. Julius Hermapolus,

By the grace of young girls, lived
15 years and 5 days at which
physicians were not little surprised.
Successive generations lead such a life!!!

A Teutonic writer, Hufeland by name, from his vast reservoir of experience, gravely informs us that "when we consider how efficacious for lameness are freshly opened animals, or the laying of a living animal upon any painful affection, we must feel convinced that these methods are not to be thrown aside."

Curing by "words" was common in the early ages. They cast out the disease spirits by exorcism. Ulysses, mythology has it, stopped a hemorrhage by words, styptic words, evidently. Cato cured sprains by the same means.

Various astrological signs inscribed upon amulets and talismans—of minerals or of metals—were supposed to prevent and to cure diseases when worn on the body of the sufferer. Herbs, roots, loadstones, bloodstones, pieces of amber, images of saints, were also worn for the same reason. The Buddhists, for instance, had a sort of religious reverence for the sapphire. They called it the stone of stones (optimus, quem tellus medica gignit).—New York Medical Journal.

The Squaw Winter.

"When does the Indian summer come, anyway?" she asked.

"Why, it doesn't always come at all, but when it does come it comes just after the squaw winter," replied her friend.

"Squaw winter! Well, I never even heard of that before. When is that?"

"Well, the first protracted period of cold weather that we have is called the squaw winter out in the country. After this spell of frosty weather there are sometimes several days of unseasonable mildness and warmth that we call Indian summer. Some years there isn't any warm spell after the frost has well set in and we have no Indian summer. But the squaw winters always come.

The years when there isn't any Indian summer the squaw winters just glide into the real hard winters so that you can't tell where one stops and the other begins. It is only when there is an Indian summer that you can distinguish the squaw winter."

Evening Things Up.

In Chicago, recently, a mutual friend introduced two men. One of them was smoking. Very deliberately he blew a lungful of smoke into the other man's face.

"That means trouble," gasped the other man, pulling off his coat.

"Oh, no," said the offender, calmly. "It didn't mean trouble last night when you blew smoke in my face."

"I never saw you before," stormed the smokee.

"No, but I've seen you," said the first man. "You passed me in an automobile last night and while you and I were waiting in a jam you blew a cloud of gasoline and oil smoke into my face that I'm tasting yet. Want to fight about that?"

"No," said the victim, "but I'd like to buy you a good cigar. That one you're smoking is worse than automobile smoke."

Peace was ratified at the corner drug store.

Bald Heads.

Thomas, five years old, came face to face the other day with an uncle he had never seen before, and noticed that this uncle had a bald head surrounded by a fringe of hair—such a head as the cartoonists used to draw of David B. Hill. This fact, added to the uncle's extreme height and thinness, excited Tommy's comment.

"Say, mamma," he said, turning to his mother, "my new uncle grew up so fast his hair didn't have time to reach the top of his head!"

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a ail at most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, *Home of Swamp-Root*, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WIFE IS MURDERED

THEN JOSEPH CAMPBELL, A BAKER IN KANSAS CITY, KAS., COMMITTED SUICIDE.

A LITTLE SON OF 2 YEARS SPARED

Child's Crying Brings Neighbors. Who Discover the Tragedy—A Dog Guards the Bodies Most Faithfully.

Kansas City, Mo., Dec. 6.—Neighbors entering the home of Joseph Campbell, 2952 North Seventeenth street, Kansas City, Kan., at 9 o'clock Sunday morning found the bodies of Mr. Campbell and wife on the floor of the stuffy little room which served the double purpose of sleeping and living room. Clasped in the right hand of the man was a revolver. He evidently had murdered his wife before he committed suicide. Crouching down against the bed in one corner of the room, benumbed with cold and fear was the white-robed figure of a boy, 2 years old, whose crying through the night and early morning attracted the attention of the neighbors and led to the investigation which resulted in the finding of the bodies.

Charles Phillips and C. R. Lumsden, neighbors, discovered the boy. They broke in the door of the house after receiving no response to repeated knocking.

The body of the woman was almost against the door. She had remained in a kneeling posture. A bullet had entered below the left breast, passing entirely through the body.

The man lay in almost the same position against the south wall of the room. His arms were folded across his breast, and the revolver was held tightly against his body. The bullet had passed through the heart.

Campbell was baker. He was 32 years old. That the murderer had been addicted to the use of morphine for many years is known. In fact, so common was this knowledge that for many years he has been known as "Morphine Joe." A bottle half filled with the drug was found on a chair near the bed.

A scene of desolation was witnessed by the men first entering the room. The little boy, Earl, cried by the bed, where he had stood in the cold during the entire night, and a large dog, which stood guard over the body of his mistress, were the only living beings in the place. The child was hurried to the home of a neighbor, but the dog growled savagely at the intruders and would not submit to be moved until patted by a neighbor whom he knew.

Persons living in the neighborhood say that Campbell has made numerous threats against his wife.

Oyster Scones.
Peel and boil five medium-sized potatoes. Drain and mash them, seasoning with salt, pepper and two tablespoons of butter. Whip with a wire egg beater until light and creamy. Mix in a pint of oysters and turn out on floured board. Roll out a half inch thick and cut with a biscuit cutter.

Brush with melted butter and dip in beaten egg seasoned with salt and pepper. Fry on griddle greased with hot olive oil or butter. Have both sides golden brown.

Seafoam Candy Recipe.

Put three cups of light brown sugar, a cup of water and a tablespoonful of vinegar into a saucepan. Heat to boiling point. Then boil without stirring until the mixture forms a hard ball when tested in cold water. Pour the mixture into the stiffly beaten whites of two eggs, beating constantly until it becomes quite stiff, then add a cup of chopped nut meats. Drop from a spoon on buttered tins.

Jelly Jumbles.

Cream one-half cup butter with one cup sugar, add one egg, half teaspoon soda dissolved in one-half cup sour milk, and flour enough to roll. Roll about one-quarter inch thick, cut with biscuit cutter, and from half of these cut out the center with a large thimble. Spread jelly over the biscuit halves, cover with the doughnut halves and bake. These are very nice.

Graham Gems.

Beat the yolks of two eggs in two cupfuls of ice water or milk. Add gradually, beating well in the meantime, 3½ cupfuls of graham flour. After all the flour is added continue beating until the mixture is light and full of air bubbles. At the last fold, not beat in the stiffly whipped whites of the eggs and bake at once in the heated irons.

Scour with Kerosene.

When you have scoured until you are tired and rust still remains on nickel-plated faucets or steel knives, before throwing out the knives and having the faucets remade, try saturating the spots with kerosene. Later rub steadily with fine sandpaper and the trouble will be over.

HEAVY DEATH RATE

THAT OF NEW YORK CITY IS IN EXCESS OF THAT OF LONDON, ENGLAND.

200,000 IN HOSPITAL LAST YEAR

William Travers Jerome, Who Made His Home in the Midst of the East Side Slums, Is About to Sink Out of Sight.

Special to the Democrat-Sentinel.

New York, Dec. 6.—That death, disease and ruinous rise in municipal expenses will follow any further congestion of the already overcrowded island of Manhattan is being shown by a corps of investigating experts to the authorities of this city today.

Crowded conditions in the poorer quarters here are being proved by facts and figures to be largely responsible for a death rate that exceeds that of London, and a general prevalence of sickness that has stupefied the hospitals with over 200,000 patients in the last year alone.

Fully five million dollars is named as the price which Greater New York is paying each year as the penalty for packing people within its limits beyond the bounds of physical endurance.

For every thousand extra souls squeezed into the fetid atmosphere of the tenements, the health department must pay millions more in the future. It is declared. Life and limb have been seriously endangered by the swelling of the street throngs here, it is pointed out, while the ravages of tuberculosis and other deadly diseases are extended as the population of the narrow city thickens. Before many months it is believed that emergency measures must be taken to force a stop to this course of congestion.

Closing a Career.
Watching the removal of William Travers Jerome from the home that he has made in the midst of the east side slums, the people of this city today are beginning to realize that one of their most striking public figures is about to sink out of sight.

For ten turbulent years Jerome has aroused, amused, inspired and disgusted the people here by turns. Whether he battled behind an axe against the gambler or slumbered on his historic couch in the district attorney's office, New York has never lost interest in the erratic career of this most conspicuous of its public men. Reams of newspaper cartoon and stories have been reeled off as the result of the spectacular activities of this man, who is now about to lose himself in the humdrum paths of the private practice of law.

To the people of the slums, from which he is now withdrawing his residence, Jerome was and is today an idol, for all his peculiar personality. Following the vans that are bearing away forever the effects of the only office-holder who ever sought out the society and sympathy of the poor, the wondering eyes of many of the tenement people are moist.

Nerve Nook.
For the first time in its history New York City is today offering in a brand new hospital special scientific treatment to the army of its inhabitants whose nervous systems have broken down under the strain of metropolitan life.

For the intangible diseases of the nerves and mind that have resulted in insanity, this Neurological Institute has been founded in the heart of the noisy town, and patients have already begun to flock to its doors for relief from their peculiar complaints.

Though hundreds of hospitals for the physically ailing lie about the city, no such special provision has ever been made before for the sufferers from nervous disorders. With all the whirl of life in Gotham today it is believed that this saving station for nerve wrecks will find a large field.

Costly Cultivation.
Devoting \$100,000 to the growing of green grass and leaves along several miles of upper Broadway, the government of this city has at last undertaken to replant the desert strip of land that has been left barren ever since the subway tore up its verdure.

To make amends for the stretches of stately elms that were ruthlessly uprooted by the contractor's crew, preparations are being made to plant tons of shrubs, loads of grass seeds and long lines of saplings from end to end of this unsightly waste place. For all the cost and trouble, however, the people of the upper city are rejoicing in this bit of metropolitan gardening, that will give them at least a glimpse of the growth that once overspread the whole island.

Gives Dobbin a Rest.

Paris, Mo., Dec. 6.—Old Dobbin and all the other horses are having an easy time on David Arnold's farm, south of town, as Mr. Arnold is using a horseless plow. It is a twenty horse power machine and is rigged with sufficient plows to turn six furrows of land at a time. The machine is being used to plow a 200-acre pasture that will be put in corn next season.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
